

2022 Wonders™ Rosé Wine Blend

France

Winemaker Notes

We believe that making healthier choices shouldn't mean giving up taste, which is why we made Wonders. The proof is in the bottle, as this Syrah comes from a perfectly situated, organically farmed vineyard in France. It's made in a minimal-intervention style and you can taste the quality from the first sip to the last. In addition to a healthy serving of old-world je ne sais quoi, you can expect notes of fruit like red berries and citrus as well as aromas of gooseberries and raspberries. With Wonders, you can really have it all – it's the perfect companion for all life's adventures.

Brand Statement

To say we made this wine would be stealing nature's thunder. Wonders is made from organic grapes using 'minimal-intervention' winemaking techniques, to allow the natural characteristics of the grapes to shine through. It's a fancy way of saying, we do as little as possible, so that you can enjoy nature's Wonders as it's meant to be.
