

2022 Wonders™ White Wine Blend

France

Winemaker Notes

We believe that making healthier choices shouldn't mean giving up taste, which is why we made Wonders. The proof is in the bottle, as this blend of aromatic white grapes comes from a perfectly situated, organically farmed vineyard in France. It's made in a minimal-intervention style and you can taste the quality from the first sip to the last. In addition to a healthy serving of old-world je ne sais quoi, you can expect notes of tropical fruit, white flowers, and candied citrus zest. With Wonders, you can really have it all – it's the perfect companion for all life's adventures.

Salad
Fruits
Veggies
Poultry

Tasting Notes

Guava
Melon
Wet Stone
White Flowers

Brand Statement

To say we made this wine would be stealing nature's thunder. Wonders is made from organic grapes using 'minimal-intervention' winemaking techniques, to allow the natural characteristics of the grapes to shine through. It's a fancy way of saying, we do as little as possible, so that you can enjoy nature's Wonders as it's meant to be.
